OUR PHILOSOPHY

We are founded on the philosophy that each resident is unique and the relationship between staff and residents is central to a happy, healthy, enriching environment. We realize that it is never easy to place a loved one in someone else's care and is even more difficult to admit that your loved one needs to be there in the first place. Being happy and comfortable may sound simplistic, but that is why to us, it's the most important mission we can accomplish.

Welcome to North Georgia Assisted Living

Everything at North Georgia Assisted Living is carefully planned to meet your loved one's needs - from our elegantly detailed interiors, delicious menus prepared by our Executive Chef, to our outdoor walking trails that allow you to enjoy the beauty of nature, and our positive and professional staff. These details are important when it comes to the health and daily lives of seniors.

But it's not only the residents who matter at North Georgia Assisted Living. It's also their families. That's why we partner with families to not only ensure the best care for their loved ones, but also to provide them with peace of mind.

Our mission is to provide a home that our residents would be proud to call their own. We have achieved this by creating an environment that promotes physical, social and spiritual well-being. Providing such a high quality of life promotes dignified living, independence and lasting friendships in a family and home-like environment.

North Georgia Assisted Living Programs

ASSISTED LIVING

Our assisted living community provides assistance and security in combination with an engaging and active lifestyle that gives our residents independence, dignity and hope. Residents have the flexibility to choose how each day at North Georgia Assisted Living is spent. We offer a variety of activities from community outings and scheduled shopping trips to discussion groups, socials and devotionals.

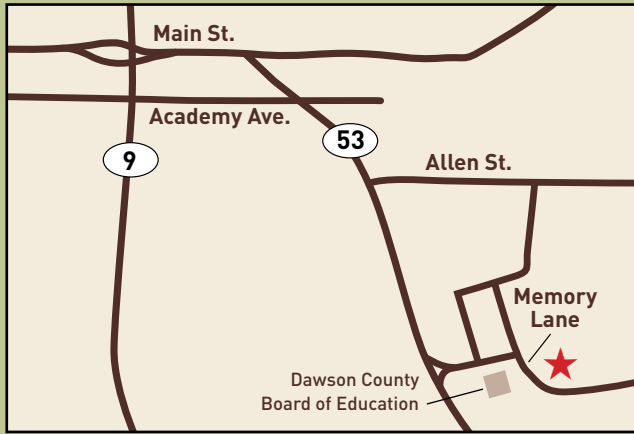

MEMORY CARE COMING SOON! (Phase II)

Memory Care is designed specifically for those that are suffering from Alzheimer's or Dementia. We provide a secure, comfortable and home-like atmosphere that is filled with familiar sights, sounds and surroundings that help to stimulate the brain. This combined with activities and services help to maximize quality of life.

RESPITE CARE

Respite Care is provided for guests who require short-term stay with 24-hour supervision. This allows families or caretakers to handle other tasks, take time off for vacation, or just enjoy some down time, while still having peace of mind that their loved one is being as well cared for by us as they are by you. Respite Care residents will receive all of the amenities and services that are provided to the full-time residents.
